SOLENT BRANCH

AERODYNAMICS DESIGN AND TESTING IN ELITE SPORT AND PRODUCT DEVELOPMENT

Dr ROB LEWIS OBE
MANAGING DIRECTOR
TOTALSIM

UNIVERSITY OF SOUTHAMPTON / MONDAY 5TH MARCH

Rob will be talking about the aerodynamic analysis of racing cars (more than 10 series including F1), Moto GP bikes and Olympic cycling equipment. He will also reveal details of an exciting new development that he is heavily involved with: the conversion of a Victorian railway tunnel into a wind tunnel, transforming it into the world's premier full scale vehicle testing facility.

VENUE

Turner Sims Concert Hall
Highfield Campus
University of Southampton
Southampton, SO17 1BJ

18:00 - Drinks reception
19:00 - Lecture starts
